Thank you words and
INSURE summer school info
INSURE/DELTA Summer School 2018
“Cybersecurity in Localization”

- Aalto University, Otaniemi, 22-24.5.2018
- Introduction to road navigation + spoofing and meaconing in terrestrial navigation (3h)
- Introduction to positioning in aviation + jamming detection and localization in aviation (3h)
- Introduction to navigation for maritime applications + robustness of GNSS in maritime environment (2h)
- Cloud GNSS (1 h) and cellular/5G positioning (2h)
- Introduction to RSS-based positioning and signals of opportunity (1h) + addressing threats in non-GNSS localization (2h)
- Bayesian outlier detection (2h)
- Legal aspects in localization (2h)
- Cybersecurity related aspects (1h)
- Information security and its application in GNSS (2h)
- Invited industrial speakers

Lecturers (in addition to INSURE):
Dr. Sherman Lo, Stanford University
Dr. Fabio Dovis, Politecnico di Torino
Dr. Gonzalo Seco-Granados, UAB

More information available soon
